HARRISON COUNTY REGIONAL SEWER DISTRICT
ORDINANCE NO. 2020-03

AN ORDINANCE AMENDING CAPACITY FEE CALCULATIONS

WHEREAS, the Harrison County Regional Sewer District (HCRSD) Board of Trustees has previously adopted ordinances, which, among other things, established capacity fees as originally adopted as Ordinance No. 2014-02 on September 17, 2014 and as subsequently amended; and

WHEREAS, the HCRSD rules and regulations provide for and require the adoption of certain rates and charges; and

WHEREAS, Indiana Code 13-26-11 et seq grants certain powers to the District dealing with the collection of rates and charges; and

WHEREAS, Indiana Code 13-26-11-8 requires the HCRSD to charge just and equitable rates or charges for the use and the service provided by the Sewage Works; and

WHRERAS, the HCRSD desires to clarify the manner in which the capacity fee is calculated in order to more accurately charge based on capacity used; and

WHEREAS, the HCRSD Board of Trustees finds and determines that it is in the best interest of the HCRSD to adopt this definition for the calculation of capacity fees and that such fees are believed to be just and equitable.

NOW THEREFORE, be it ordained by the HCRSD that the HCRSD hereby amends and replaces Ordinance 2014-02 Section V. A. (5) and as later amended by Ordinance No. 2020-02 to now read as follows:

(5) The **Capacity Fee** component shall be determined as follows:

New Customers who are connecting to the District's wastewater/sewer collection systems shall pay a Sewer Capacity Fee in the amount of $2,000.00 per Equivalent Residential Unit (ERU). One ERU equates to 310 gallons of wastewater per day. This fee shall be in effect for the calendar year 2020 and shall increase 2% each year. One (1) ERU shall be the minimum Sewer Capacity Fee due.

Apartments/Group Homes/Multi-Family: New customers proposing apartments/group homes/or other multi-family type connections to the District's wastewater/sewer collection system, shall pay a Sewer Capacity Fee in the amount of one (1) ERU plus $750.00 for each additional residence or apartment within the same structure. For example, a 4-plex apartment building during 2020 would pay the current Sewer Capacity Fee of $2,000.00 plus $2,250.00, for a total fee of $4,250.00

Adopted by Harrison County Regional Sewer District this 20 day of November, 2020.
